President's Message

Having been a member of Civitan for so many years, I have had the opportunity to see the rise and fall of many clubs. One of the ingredients of clubs who have experienced long term stability is PRIDE. When members have pride in their club they are able to overlook minor issues, have a greater commitment to ensuring the club does not embarrass itself and that when we take on a project they ensure it is success-

ful. This pride reflects their recognition that THEY ARE CIVITAN and they represent what the community sees in Civitan. Obviously our club has PRIDE and that is why we are one of the successful clubs in all of Civitan. Keep up the good work. WE ARE CIVITAN and our community appreciates us for what we do.

Bingo News

The club has purchased a new (to us) Bingo Station and Board. The new equipment will display not only the called numbers but the game in progress and the prize money.

The equipment will also verify a bingo when the serial number of the bingo card is called. A 5 digit number will verify a full card.

It has been delivered and should be on line by the first bingo in June.

The old equipment has been sold to a charitable organization in Parham that raises money for a children's camp.

Thank You

From local citizen for assistance with the purchase of hearing aids

From Kids Help Line (kidshelpphone.ca) for the financial support

From Drummond Centre School for orthodontist work for one of their students. See Thank You Page 4

A SPECIAL THANK YOU NOTE

It is hard to put into words the gratitude that our family is feeling. We want to let you know how much your organization's contribution towards Brittany's orthodontic costs means to us. Brittany has started treatment with the quad helix in place and will have her braces placed early May 2010. Treatment will continue for aprox. 2yrs but our family will be forever grateful for your generosity that has changed Brittany's life.

Yours truly,
Lance, Karen +
Brittany.

Glen's Guffaws

Evidence has been found that William Tell and his family were avid bowlers. Unfortunately, all the Swiss League records were destroyed in a fire. Now we'll never know for whom the Tells bowled.

A thief broke into the local police station and stole all the toilets and urinals, leaving no clues. A spokesperson was quoted as saying, "We have absolutely nothing to go on."

Back in the 1800's the Tate's Watch Company wanted to produce other products, and since they already made the cases for watches, they used them to produce compasses. The new compasses were so bad that people often ended up in Canada or Mexico rather than California. This, of course, is the origin of the expression "He who has a Tate's is lost!"
